Side Airbag Cases: Don't Miss Them

1999 Side Curtain

- Side Airbags with Head Protection Were State of the Art in 2000.
- Side Curtain Airbags that Deploy During a Rollover Were State of the Art in 2002.
- Without these features, occupants are in danger of suffering:
 - *Paralysis
 - *Traumatic Brain Injury
 - *Wrongful Death
 - *Ejection
- SUVs, Minivans and Pickups should be equipped with rollover deploying side curtain airbags.

If your client was involved in a side impact or rollover crash and the vehicle was not equipped with a side or rollover airbag, then you may have a products liability claim.
